Subject: [External] 2019-331-E request for extension of testimony

To whom it may concern,

I Enrique McMillion Jr. request an extension to file testimony before any other motion is presented to the commission. My complaint (2019-331-E) was drafted in haste as I was threatened with power shut off within a matter of hours by DECLLC. I am not an attorney, I have other duties in my life, and legal procedures take time for me to grasp and to form a legal argument. I request an extension of 120 days to put forth a competent complaint, as I do not see how this extension could prejudice any party, and a complaint written in haste may stand against me before the commission, I humbly ask for this extension.

Enrique McMillion Jr.
